

NEW SENSATIONS IN HARTJE CASE

Sister of Accused Denies Knowledge of Her Relations With Madine.

"OTHER MARY" ON THE STAND

Attorney Openly Accused of Having Purloined Papers from His Office.

(Special to The Times-Dispatch.)
PITTSBURG, July 18.—With each succeeding day of the Hartje divorce trial new sensations are developed, and to-day was no exception to the course of events in this now famous legal battle.

Misses Ida and Helen Scott were star witnesses to-day for their sister, Mrs. Mary Scott Hartje. Miss Helen's direct examination closed when court adjourned this afternoon. After counsel for the libellant had introduced a number of letters, said to have been written by her, and which prove, according to the counsel for Mr. Hartje, that Helen Scott had knowledge of the alleged relations between Mrs. Hartje and "Tom" Madine, Helen denied the authorship of all these new letters except two.

Open Theft Charged.

Attorney John Freeman, for Mrs. Hartje, openly charged the other side with stealing a certain paper from his office. Counsel for Augustus Hartje, the millionaire libellant, declared this charge false, and Attorney J. Scott Ferguson said he could prove that the papers were picked up outside of the office, where they had been carelessly laid.

The Other Mary.

The "other Mary," a servant girl who knows "Tom" Madine, the correspondent, made her first appearance on the stand to-day. She testified that it was she who telephoned to Madine while he was working at a livery stable, and who wrote to him, sometimes as often as twice a week. The letter alleged to have been stolen from Mr. Freeman's office along with other papers is said to have begun, "My Dearest Edith," and Judge Frazer's announcement that any stolen papers would have little influence on the court broke a tension of curiosity in the courtroom that had been whetted to a fine edge. The passage of arms was started when Mr. Ferguson asked Ida Scott, the younger sister of Mrs. Hartje, while on the stand, to write the words "My Dearest Edith." Then Mr. Freeman interposed a vigorous objection, coupled with an accusation. Judge Frazer interrupted the interchange of counsel by saying that a stolen letter had no value in a trial, and he would not consider it. Mr. Freeman demanded the letter, which was written on his office stationery, and he obtained it. Just what is in the "Edith" letter and what Ida Scott had to do with it may remain a mystery.

The Mutilated Letters.

Toward the close of the examination of Miss Helen Scott, attorney Ferguson sprang a surprise upon the attorneys for the defense by producing a number of stained and mutilated letters, the parts of which had been put together. The letters were written upon the stationery of the Hotel Windsor and the Hotel Villa, and were addressed to "Dearest Edith." Miss Scott admitted that several of the new exhibits had been written by herself, but denied the authorship of the others, although she said the handwriting looked like hers. Mr. Freeman objected to the letters being introduced upon re-direct examination. Mr. Rogers then stated that his object in producing them was to show that, despite her previous denials on the witness stand, Mrs. Hartje and "Tom" Madine had been in correspondence with each other, and that the letters would show the truth of his statement.

Court was then adjourned in order that counsel for the defense might have an opportunity of examining the new exhibits. This was said to be the smallest of the exhibits for the prosecution have all along prophesied.

Jumps from Hotel Window.

(By Associated Press.)
BOSTON, MASS., July 18.—A young woman, who registered at the Hotel Franklin at 37, State street, of New York, was found lying on the sidewalk, having jumped from the window of her room on the sixth floor. The room occupied by the couple was directly above the glass-covered porte cochere at the main entrance. Mrs. Piaz broke through the glass pane and fell into the street, where she was almost severed. She was taken to the City Hospital, where it was said that there was small hope of her recovery. It is understood that she has been at a sanitarium, and Mr. Piaz was taking her to her New York home.

"FEED UP"

Is the Way to Make Old Men Young.

One of the most remarkable evidences of the power of proper food is found in the following interesting story by a Canadian:

"I am now seventy-one years of age, and have been ailing, more or less, ever since I was sixteen years old, part of the time an invalid suffering with stomach and bowel troubles.

"About two years ago, having learned of the good Grape-Nuts food was doing for some friends of mine, I resolved to try it myself, and I immediately found help—more vigor and power of endurance.

"That summer the heat did not affect me as it did before I used Grape-Nuts, and after about four months' constant use I began to realize what it was to be well, and found my bowels adjusting themselves, so that now I am free from the old troubles. I had long despaired of such results, and can safely say I am enjoying better health to-day than for many years past, for the wonderful food has literally made me a new man."

TRYING HIS LEVEL BEST TO BREAK INTO PRISON

LOUIS A. GOURDAIN.

Illinois Man Appeals to Supreme Court to Commit Him.

(By Associated Press.)
WASHINGTON, July 18.—Louis A. Gourdain, the alleged Chicago and New Orleans lottery dealer, who is seeking by means of a writ of mandamus, to frustrate the efforts of his attorneys to keep him out of the penitentiary at Joliet, Ill., made an unsuccessful effort to-day to file his petition with the clerk of the Supreme Court of the United States. He then announced his intention to go to Canton, Ohio, to see Justice Day, if he could be assured that he would remain there until he could arrive in the meantime he would continue his journey to New York with the hope of seeing some member of the court there.

The would-be convict was the center of attraction here to-day. For the first time since leaving Joliet on Monday, Gourdain partook of food at noon to-day, having been released from his determination not to eat or drink until some official action had been taken in his case.

Pathetic appeals by telegram from his wife to return home reached him to-day, but Gourdain wired her that he is in good health and spirits, and says he will do his utmost to carry out his purpose of getting behind prison bars.

ATTEMPT TO KILL COUNT TODLEBEN

Would-be Assassin Fires Upon Emperor's Aide-Camp With Revolver.

BOMB AT COURT-MARTIAL

One Thrown at Colonel Dumbadze, but He Escapes Injury.

(By Associated Press.)
ST. PETERSBURG, July 18.—An attempt was made to-day to assassinate Count Todeleben, aide-camp to Emperor Nicholas, at the engineers' camp at between St. Petersburg and Schlusselburg. The would-be assassin fired at Count Todeleben with a revolver, the bullet grazing his head. He then made his escape in a boat, which was awaiting him in the Neva. It is believed the act was one of vengeance for the arrest, by order of Count Todeleben, of an agitator who had effected an entrance to the camp.

Bomb is Thrown.

During to-day's session of the court martial, which is engaged in the trial at Sevastopol of men concerned in the Black Sea fleet mutiny of last November, a bomb was thrown from the main barracks at Colonel Dumbadze, who was commander of the court-room. Colonel Dumbadze was not harmed. Two men were arrested on suspicion of having been concerned in the outrage. On account of the court's denial of a motion by the mutineers, all the counsel for the defense have withdrawn. The accused men refuse to plead.

At Kootenai-Dan, while two clerks to-day, employed in the government banks, were carrying from the postoffice \$200,000, which had been received in the registered mail, they were attacked by a band of six armed men and seriously wounded. The robbers made off with the money, but were not pursued by police and Cossacks, they sacrificed \$100,000 of the booty and escaped.

Peasants Work Havoc.

Dispatches from the interior continue to tell, without interruption, stories of the burning of manor houses, robberies, murders, collisions between peasants, and rural guards, and the hurried dispatch of troops here and there. The center of the peasants' uprising in Veronezh province, where the peasants in their mania for the destruction of property do not discriminate between friends and enemies, as evidenced by the complete devastation of the estate of St. Koloschinski, one of the most prominent constitutional Democrats in the lower house. To-day's reports describe the situation in that province as "hopeless" from the standpoint of the landlords. The situation is almost as bad in Poltava and Smolensk provinces. In Tambov province eighty peasants are reported to have been killed or wounded by dragons.

GOURDAIN BREAKS FAST; ALSO WILL SLEEP TO-NIGHT

(Special to The Times-Dispatch.)
WASHINGTON, D. C., July 18.—At noon to-day A. L. Gourdain, the man who is clamoring for admission to Joliet penitentiary, broke the fast that he has kept since the prison doors opened in freedom before him on Monday afternoon last. The historic incident took place in the Senate restaurant, following Gourdain's interview with the clerk of the United States Supreme Court.

Realizing, probably, that if the fast was to be broken, it might as well be well broken, Gourdain consumed the following:

- Three soft boiled eggs.
- One large order of toast.
- One large pot of coffee.
- One large crab salad.
- One large order of wheat cakes.
- One large order of corn cakes.

As Gourdain remarked himself: "That ought to hold me for a while." To-night he is going to sleep. He is anxious to get back into Joliet, and he realizes it will be impossible for him to live without eating or sleeping until next October, when the courts will convene and, perhaps, hear his complaint.

STANDARD OIL.

Investigation to Come Off Sooner Than at First Expected.

(By Associated Press.)
CHICAGO, ILL., July 18.—Assistant Attorney-General Pagnin, who was in Cleveland during the hearing of testimony against the Standard Oil Company, and upon which the Federal grand jury did not vote, arrived in Chicago to-day with a large number of clerical assistants in Cleveland, and submitted to the District Attorney Morrison, who is to act as special counsel for the government in the projected inquiry into the relations of the Standard Oil Company and various railroads.

It was the intention of the local Federal officers to hold the commencement of the investigation until September 1, or later, but it is now probable that some steps will be taken in the near future.

The four propositions which Attorneys Morrison and Pagnin will study in connection with the investigation are: First, Charge against the Standard Oil Company, of accepting illegal rebates.

Second, Charge against the railroads the illegal rebates to the oil company.

Third, Combination in restraint of trade and commerce with other oil companies.

Fourth, Monopoly of trade not a combination, or a conspiracy to monopolize.

GRAND JURY DISCHARGED; NO INDICTMENTS FOUND

(By Associated Press.)
NASHVILLE, TENN., July 18.—When the United States Court met to-day, the grand jury of the grand jury, which has for some time been investigating the alleged tobacco trust, reported to Judge Lorton that all the witnesses summoned by the jury had been examined. District Attorney Tillman asked that the jury be respited or discharged, subject to a retrial at any time between now and the next term of court. This the court granted. It cannot be fully ascertained what the reason for the discharge was, but it is known that no indictments have been returned.

Inspects St. Paul Packing Plants.

(By Associated Press.)
ST. PAUL, MINN., July 18.—Secretary of Agriculture Wilson arrived in St. Paul to-day and made a personal inspection of the South St. Paul meat-packing plants. Secretary Wilson was accompanied about the stock yards by Dr. Ketchum, the government inspector at South St. Paul and by Manager Barnes and Superintendent Burns, of the Swift Packing Company.

It is said that conditions were found very favorable.

ROGERS MUST DIVIDE WITH GAS COMPANY

(By Associated Press.)
BOSTON, MASS., July 18.—A decision favorable to the plaintiff was handed down to-day in the United States Circuit Court in the case of George W. Pepper, receiver of the Bay State Gas Company, of Delaware, against Henry H. Rogers, of New York. In the suit to recover \$500,000 alleged to be due the gas company in connection with the sale of the Boston company.

The court orders that the profits shall be apportioned by a master between Mr. Rogers and the Bay State Gas Company of Delaware, but if no definite equitable rule is ascertained, then the amount shall be apportioned half to Mr. Rogers and half to the gas company. The court finds that Mr. Rogers was guilty of no fraud.

Mr. Rogers contended that his control of the Brookline Gas Company gave him a command of the gas combination and a strategic position of value, but the court finds that as a trustee of the other companies he had no right to take advantage of such a position to the disadvantage of the other companies, and that the amounts received by the respondent, Rogers, for his Brookline securities, was in excess of any value which was visible to the court.

ROOSEVELT WILL OPPOSE W.J. BRYAN

Bourke Cochran Says There is No Doubt These Will Be Opposing Nominees.

FORCE PRESIDENT TO RUN

Republicans, Seeing That He is Only Available Man, Will Insist That He Make Race.

(Special to The Times-Dispatch.)
SAN FRANCISCO, CAL., July 18.—"Roosevelt will be the nominee of the Republicans, and Bryan the nominee of the Democratic party in the next campaign," said W. Bourke Cochran to-day.

Tammany's famous orator, accompanied by his prospective wife, Miss Annie Ide, and her friends, Mr. and Mrs. Joel S. Fithian, came up from Del Monte yesterday, on their way to Lake Tahoe. "There is no question in my mind that Roosevelt will be the nominee of the Republican party and Bryan the nominee of the Democratic party," said Mr. Cochran. "I cannot see anybody else in the field. Roosevelt's views on the tariff are good; he stands well before the country. While I don't think Roosevelt is seeking the nomination, he is the available man that the Republican party has, and I think there is no question that he will get into the fight. There is no question about Bryan being put up by the Democrats. It is certainly a most remarkable situation."

BOOM FOR MITCHELL.

Mine Workers Want Their Chief to Be Bryan's Running Mate.

(Special to The Times-Dispatch.)
WILKESBARRE, PA., July 18.—An announcement was made to-day of a plan to nominate John Mitchell, president of the United Mine Workers of America, as Vice-President on the Democratic ticket, providing Bryan is the selection of that party for President at the next presidential convention. Mine workers of the anthracite region of the United States are delighted with the prospects, but Mitchell, who is now in Carbonado, near here, declines to discuss any phase of it or to intimate whether or not it would be pleasing to him to have his friends spread the beam for him. Mitchell is a native of Pennsylvania, and is now deeply interested in the labor-political movement, and have nominated a number of union officials for Congress and the State Legislature. Many of them believe that if Mitchell was nominated he would receive the labor vote of the entire country.

Both vehicles were overturned and smashed. Mr. Stillman and the driver of the wagon were seriously injured, and Mrs. Greenway and the chauffeur slightly hurt. The others escaped from shock. All were taken to the hospital here.

A Prominent Lawyer.

(By Associated Press.)
NEW YORK, July 18.—Thomas E. Stillman, who was injured in a motor automobile accident on the way to Dives-sur-Mer, is a prominent lawyer of New York, a member of the former firm of Butler, Stillman and Hubbard. Mr. Stillman was formerly proprietor of the New York Commercial-Advertiser, now the Globe.

The Mrs. Greenway who was injured is Mrs. James C. Greenway, a niece of Andrew Carnegie. Miss Charlotte Stillman, daughter of the lawyer, is the girl referred to as having also been hurt. Joseph F. Stillman, a brother of Thomas E. Stillman, when informed of the accident to-night, said:

Salvador, Guatemala and Honduras Cease from Strife, Pending Negotiations.

HOLD CONFERENCE TO-DAY

The Peace Commissioners, With Mexican Minister and Mr. Brown to Sail.

(By Associated Press.)
OYSTER BAY, N. Y., July 18.—President Roosevelt to-day received a dispatch from American Charge d'Affaires Brown at San Salvador, stating that the armistice between Salvador, Guatemala and Honduras went into effect at 6 o'clock this morning.

Another dispatch received by the President stated that the United States cruiser Marblehead, which leaves Ancon to-day with American Minister William L. Merry and the Salvadorean Peace Commissioners, Dr. J. R. Paez and Senior Gallegas on board, will arrive at San Jose, Guatemala, Thursday morning. At San Jose the peace commissioners of Guatemala, the Mexican minister and the American charge d'affaires, Mr. Brown, will be received aboard. The Marblehead will immediately proceed to sea and the hearings of the peace commission will begin.

Interest of Honduras.

(By Associated Press.)
WASHINGTON, July 18.—Salvador and Guatemala must decide through their representatives to the peace conference of board the United States cruiser Marblehead whether Honduras is to be represented in the conference. There are two sides to this controversy so far as the world of diplomacy knows, that of Guatemala and that of Salvador. Honduras, interest in the war is secondary in its nature, but as an ally of Salvador, she has become involved to such a degree that the State Department believes the other countries in the controversy will decide to have Honduras represented on board the Marblehead.

Salvadors Commissioners.

SAN SALVADOR, Tuesday, July 17.—(Delayed in transmission.)—The peace commissioners of Salvador are Dr. R. J. Paez and Senior Gallegas. They will go on board the United States cruiser Marblehead at Ancon to-morrow with the commissioners of Honduras and proceed to San Jose, Guatemala, where the other commissioners will be taken on board, and the party will put to sea and draw up and sign the treaty of peace. The body of the Salvadorean general, Thomas Regalado, who was killed July 11th in a battle fought at Jicaro, Guatemala, has arrived at Guatemala City in a complete state of decomposition, making its repatriation impossible.

Shortly before the armistice was agreed to over 10,000 Guatemalan soldiers made a dash for the border and the Salvadorean position by way of Metaphan. The Guatemalan artillery stationed on high places fronting the Salvadorean positions, cannonaded the latter unceasingly, though the bad quality of the shells and the poor aim of the artillerymen resulted in the Salvadorean forces escaping without many casualties. At about 3 P. M. in the midst of a terrible rain, the Guatemalans fired increased all along the line, and the Guatemalan infantry attacked the Salvadoreans in close columns, ordering to dislodge them from the position held by General Terceiro and Colonel Hernandez Artega. The battle lasted ten hours, and eventually resulted in the triumph for the Salvadorean army.
